Figure 1 is a perspective view of a catheter 100. The catheter includes a proximal handle 11, a trigger 20, and a proximal connector 206. The handle is connected to a catheter body 101. The body features a proximal flange 14 and a proximal opening 131. The body is elongated and tapers to a distal tip 33. The distal tip has a distal opening 34. The body is labeled 35 and 36.
